Dear Sir/Madam, I hope this email finds you well. I am writing as a participant of the art competition 'Seni Di Lokasi' hosted by Balai Seni Negara where artists are required to install their artworks at their own proposed site. I have attached the competition poster in this email.

The reason why I am reaching out is because I feel that the common area in front of 6FDzi outlet on Level 2, Mytown is a suitable location for installing my art due to its height, space, as well as lighting. Pictures from my visit to Mytown have been included in the attachments, as well as my artwork proposal for submission.

The installation period for the exhibition will be November 2021 to February 2022. However, the need for this venue is subject to my art piece being shortlisted for participation. The announcement of shortlisted art will be in August.

I hope to hear from you soon.

Best regards,

Dear Sir/Madam, I am writing this email as a followup of the previous asking to use Level 2 of Mytown as the venue for my art piece.

I understand that the ceiling at the preferred space is not capable of hanging my art piece, which is around 10kg, hence I would like to change my idea of hanging from the ceiling to setting up a frame on the ground, from which I will install my shirts. The ceiling will not be used.

Attached below is the renewed proposal for your consideration. I hope to hear from you soon.

Best regards,

Proposal – Lim Tong Xin

Theme: An unequal world

Title: The Stratum

In a capitalist society, status supremacy and discrimination cause a divide between classes and forms a hierarchy. We are often told that as long as we work hard, we can achieve any dream and break into the upper classes, but that is simply not the case.
